

FOR YOUR INFORMATION

The Following Notice was Published by the District

**NOTICE OF PRELIMINARY DECISION
TO APPROVE AN APPLICATION FOR EMISSION REDUCTION CREDITS
BY THE SAN DIEGO COUNTY AIR POLLUTION CONTROL DISTRICT**

The San Diego Air Pollution Control District hereby gives notice that in accordance with Rule 26.0 of the District's Rules and Regulations, the Air Pollution Control Officer has made a preliminary decision to approve an application for emission reduction credits, submitted by Cabrillo Power II, LLC. This application follows the shutdown of the Kearny I Combustion Turbine Site under District Permit No. APCD2001-PTO-001248, located at 5460 Overland Avenue, San Diego, CA 92123. This shutdown has been determined to allow issuance of "Class B" emission reduction credits (ERCs) in the following quantities (tons per year):

NOx:	2.44
SOx:	0.01
VOC:	0.05
CO:	1.98
PM _{2.5} :	0.16

The District has determined that these reductions are eligible for "Class B" ERCs in accordance with District rules and regulations, and conditions have been proposed to ensure compliance within the regulatory provisions for "Class B" ERCs. These credits are not eligible for use as emission offsets until they are reclassified as "Class A" ERCs in accordance with District Rules and Regulations.

The evaluation of this application is available for review at the Air Pollution Control District, 10124 Old Grove Road, San Diego, CA 92131. Please refer to Application No. APCD2015-ERC-000035 on all correspondence regarding this project. Written comments concerning the District's proposed action may be submitted for a period of 30 days, commencing December 14, 2015, and ending on January 13, 2016. Questions regarding this notice may be directed to Doug Erwin at (858) 586-2717 or via email to Douglas.Erwin@sdcounty.ca.gov.
